

Bibby Scientific U.S.

New Equipment warranty information

All of our equipment is guaranteed against any defect in material or workmanship, when used under normal conditions, for the period specified below for each product or product group. This period is effective from the date of purchase; within this period, all defective components or units will be replaced or repaired free of charge provided that the defect is not the result of a fire, accident, misuse, neglect, incorrect adjustment or repair, or by damage caused by incorrect installation, adaptation, modification, fitting of non approved parts or repair by unauthorized personnel.

The table given below is a guide to the equipment warranty periods for all our brands.
